Part 2: Focus Questions

Directions: Check your understanding of the chapter by answers the following questions in one to two paragraphs. You want to be detailed and specific, using key terms, people and dates and relating them to each other and the wider historical experience.

1. What were some of the global consequences of European industrialization between 1815 and 1914?
2. How was massive migration an integral part of Western expansion?
3. How did Western imperialism after 1880?
4. What was the general pattern of non-western response to Western expansion?

Part 3: Review Questions

Directions: Check your understanding of this chapter by answering the following questions in at least four-five well written and effective sentences each.

1. Describe the various motives of European states to build political empires in Africa and Asia after 1875.
2. How did Europeans justify their acquisition of non-Western territories?
3. Describe the various non-Western responses to Western Imperialism. What is the difference between the traditionalist response and the modernist response?
